

# ABC Summer Fun Camps

This summer ABC Pathways International Kindergarten will be offering hot summer camps guaranteed to boost creativity and independence. Suitable for students between the ages of 2-10, families can choose between Young Explorers, Little Scientists, and Mighty Mandarin camps. Each two week session includes hands on age specific activities, snacks and cooking, theme based worksheets, and more! Join us, as we encourage students to explore the world around them!

### YOUNG EXPLORERS: (Age 2-10)

The Young Explorers camp offers students a wide variety of subjects and activities. Students will be immersed in hands on crafts, drama, science, games, yummy cooking, and more! This camp is perfect for those looking to strengthen their English skills through a framework that stimulates creativity and open expression.

### LITTLE SCIENTISTS: (Age 4-10)

ABC Pathways Little Scientists Camp encourages students to be curious about the world around them while learning how things work! Through 'observations' and 'experiments' students will explore a variety of scientific concepts and vocabulary. Key concepts include basic chemistry 'explosions', food science, building and engineering, biology and habitats, and more!

### MIGHTY MANDARIN : (Age 2-10)

Mighty Mandarin Camp takes the best of our summer camps and packages it in a Mandarin speaking atmosphere. Students will learn the foundations of Mandarin while exploring their own creative expression. Learning to cook, create, and experiment is always fun at ABC Pathways, but during our Mighty Mandarin Camp the fun takes a whole new meaning: - 好玩

**Group discount: ฿1500 will be given to each student when groups of 5+ enroll in the same course.**
